

# STCW Survey

The Nautilus Federation is conducting a survey of members in advance of a proposed review of the International Convention on Standards of Training, Certification and Watchkeeping for Seafarers.

This feedback will help the Nautilus Federation member unions provide the voice of seafarers into this review. The implications of any changes to STCW are huge for seafarers and maritime professionals and therefore it is vital that their voices are heard.

Input from seafarers is essential to ensure any review takes into consideration the experiences of maritime professionals who will be those most affected by any changes and, to ensure that the training regime remains fit for purpose now and in the future. So please do take the time to complete the survey and provide us with your feedback. [Read more here.](#)
